

## 36 million in the U.S. will move this year

Launched in 1995, Just Moved Ministry is the **only** organization dedicated solely to **Newcomer Care and Outreach** and to the emotional and spiritual growth of women and their families uprooted by a move.

The **first two years following a move is a crucial window** for the transplanted woman and her family. A welcoming church or community is a needed fountain of refreshing hope and friendship in a barren time of loneliness and disconnection.

### The *After the Boxes are Unpacked* study

- Provides a proven and effective program for you to reach out to newcomers and lead them to Christ.
- Is easy to facilitate using the comprehensive materials and one-on-one support provided by Just Moved Ministry.
- Is a 12-session study that can be offered year after year.
- Establishes a connection with a newcomer that often results in continued involvement in church and community.
- Eases the stress of transfer or relocation for families.

*What a blessing as I see God draw women to Himself through this study. They arrive hurting and lonely and wondering if they'll enjoy life again. I get to see them 'unfold their petals' as God waters their souls and they realize that He is here too and has so much ahead for them here—in a place they thought was without hope.*

*Cheri Hefffield, study Leader, Church at Charlotte, Charlotte, NC*

## Two formats to choose from

### Video Series

Members of the study watch a video of each session taught by teacher, author, and Founder of Just Moved Ministry, Susan Miller.

A *Facilitator Guide* is included to equip the Facilitator in every way as she leads the group in discussion and discovery. It is recommended that each woman have a

copy of *After the Boxes are Unpacked* and a Newcomer Study Guide.

### Study Start-Up Kit

Everything a leader needs to offer a study of *After the Boxes are Unpacked*:

- Comprehensive Teacher Guide
- Seven copies of Susan Miller's newly revised and expanded book, *After the Boxes are Unpacked* (more available upon request)
- Six Newcomer Study Guides (more available upon request)
- Downloadable teaching and publicity resources

## Support for your *After the Boxes* study

Uprooted women around the world are seeking out and joining an *After the Boxes are Unpacked* study in their community. The study is being offered in **churches, military installations, homes, seminaries, missionary organizations, and corporate settings**—wherever a woman is transplanted.

Every group that offers this study can take advantage of the support and resources from Just Moved:

- Online publicity for your study at JustMoved.org and through social media.
- A monthly electronic newsletter full of tips, insights, and encouragement.
- Personal assistance from a Just Moved Regional Coordinator, available to answer your questions.
- Optional online video conferencing with author and Founder Susan Miller.

### Invite Susan Miller to speak at your next event

Susan brings enthusiasm and energy as she weaves personal stories, biblical insight, and a Christ-centered message throughout a range of topics. Learn more at [www.SusanMiller.org](http://www.SusanMiller.org)

*After moving over 30 times in my life, and 15 years married to the military, I have received more grounded support on my Christian walk with these materials than any other study.—Jenna Ross, Educator*

## After the Boxes are Unpacked

Go beyond the welcome table to offer the only Bible study created specifically for the woman who is new or not yet connected in your community

- Christ-centered
- Scripturally-based
- A path to spiritual growth
- A place to belong
- A source for connection
- A springboard to involvement
