Through biblical teaching and personal support, Just Moved Ministry prepares, encourages, and equips a woman to let go and trust, start over with hope, and move forward with faith each time she goes through a PCS. In an effort to strengthen the military family, Just Moved Ministry is offering **Operation Hope for the uprooted military family - a program that will donate to**

**your military installation the materials needed to offer the *After the Boxes Are Unpacked* study.**

This unique study encourages spiritual growth, emotional well-being, lasting friendships, community connection, and hope for a fulfilling future to every woman uprooted by a move.

The Operation Hope kit will be provided free of charge to your military installation through generous donors partnering with Just Moved.
