Helping the uprooted...

- let go of the past.
- rebuild hope.
- trust God with the future.
- be equipped to encourage family members.

Helping churches, communities, and the military...

- reach out to the newcomer.
- offer a place to belong and grow.
- transform lives through the power of Jesus Christ.

Susan Miller is the Founder of Just Moved Ministry and a popular speaker and author.

She has written several books about the spiritual and emotional impact of

relocating, including her most popular, *After the Boxes are Unpacked*.

Susan has been a guest on many radio and TV programs including Family Life Today, Focus on the Family, Trinity Broadcasting Network, National Public Radio, and Army Wife Talk Radio.

Her down-to-earth and engaging style make her a popular speaker at women's events, leadership conferences, and military Christian conferences. All are drawn to her practical message to trust Christ in the midst of change. Learn more at SusanMiller.org.

Hope for the uprooted

36 million in the U.S. and 1/3 of the military will move this year

Moving can be a welcome opportunity or a dreaded event. In either case, the mover faces tremendous change and the **daunting task** of starting over in a new place.

The **stress** and **loneliness** of being torn from all that's familiar can have a devastating emotional impact and put tremendous strain on relationships.

Just Moved Ministry is the **only** organization dedicated solely to the **emotional** and **spiritual growth** of women and their families as they cope with a move.

At a time when life is most unstable and the future unsure, women are eager to know that **God is with them** and will see them through all of life's struggles.

Who we are

Launched in 1995, Just Moved Ministry is a nonprofit, Christ-centered organization, committed to addressing the loneliness,

disconnection, and loss of identity for women who have been uprooted by a move. Our resources and personal contact have guided thousands of women on a path to adapt, feel connected, and thrive after a move.

Churches, seminaries, and military chapels around the world offer the *After the Boxes Are Unpacked* study in an effort to encourage and enfold newcomers. The study guides women through the emotional stages of a move, helps them become aware of opportunities for spiritual growth, and provides a rewarding way for them to connect in their new community.
